

Meet Kindra Walker

KINDRA WALKER is a Ramsey Solutions Financial Coach Master and a Ramsey Preferred Coach. She is a certified public accountant and has more than 25 years of experience in accounting and finance. As a financial coach, Kindra's goal is to help you achieve financial peace and live your best life with a budget.

She is independent and does not sell insurance, investments or other financial products.

Our FOUR STEPS to Financial Peace of Mind

TREMONT FINANCIAL COACHING USES A SIMPLE, FOUR-STEP PROCESS WITH OUR CLIENTS:

1. We help you gather your financial details and review your current budget, if you have one.
2. During our first meeting, we discuss your goals and review your financial information to see how well they align.
3. Next, we plan and create a “nuts and bolts” budget that will put you on the road to achieving your goals and establishing a series of short-term steps in the right direction.
4. We meet with you monthly to evaluate your progress against the plan and fine-tune your budget as necessary.

These four steps give you the knowledge, tools and confidence to take control of your financial future and enjoy peace of mind.

Of course, our financial coach is available to meet with you as needed between scheduled meetings, either online, by phone or in person. We are your partner in this process and want to help you achieve financial success and peace of mind!

How you can WIN with your money

WHATEVER YOUR AGE OR STAGE IN LIFE, you probably have financial goals: buying a home, saving for college tuition, helping erase debt or preparing for retirement.

Are your financial goals on track? If not, Tremont Financial Coaching can help you build a plan to achieve them. We provide guidance, insight and inspiration to help you understand, create and stick to a budget, which will position you to achieve your financial goals.

A budget is a roadmap for your financial future. It's the building blocks for money management, a disciplined process that brings results. Let's face it... creating a budget isn't fun, but it is a way to ensure that you WIN with your money.

The benefits of budgets extend beyond the financial:

- They **reduce anxiety** and create a sense of **peace**. People with budgets **sleep better**.
- They **improve relationships** between partners by reducing arguments and promoting transparency about money.
- They **enrich discussions** about money and developing **financial goals**.
